You're all so fucking hostile you're all so fucking mean
With your triple K complexion screaming keep our
country clean
With your triple K superior picknick and your burning
cross parade
You're all dressed up in white boys you're real
American made
Hypocrite that's the name you wear
But I really don't care what you say
No bullshit you're so full of it
It comes out of your mouth everyday
I don't care what you say I don't care what you say
You want to be somebody special so you take it to the
extreme
Waste a jew a black or two and wipe their race out
clean
You practice on a target but your guns still full of lead
You hunt them down ten on one and you aim to hit the
head
Repulsive you really make me hate all the things you
deny and you fake
Primitive you show no respect for all the lives you take
and forsake
I don't care.....
Your mouths are so enormous and your dicks are just
so small
You're just to dumb to realize you ain't got no brains at
all
There ain't nothing in your deadheads that I could ever
even understand
And you've still got the guts to tell us all that we should
join the klan
I truly believe you're deaf dumb and blind
I believe you're unable to look
I truly believe you're really out of your mind take a look
in the history book
I don't care.....
