No-one in the universe can take back what I have  
learned, living backwards in reverse, Y.O.Y  
Still I make the same mistake waking up when it's too  
late but I know I'll do it again, Y.O.Y  
This world's ending (?), ride it aside  
This world's ending, Y.O.Y  
Gave away my sunny game, it took my mind who is to  
blame  
I gave it up for rock 'n' roll, Y.O.Y  
I get so lonely in a crowd, should I stay or should I  
shout  
Don't think I will ever change, Y.O.Y  
This world's ending, ride it aside  
This world's ending, ride it aside  
Why I could not believe in a law, why should I now  
Been so slowly when I go, try to hear what I've been  
told  
Don't think I'll ever change, Y.O.Y  
No-one in the universe can take back what I have  
learned  
Living backwards in reverse, Y.O.Y  
This world's ending, ride it aside  
This world's ending, ride it aside  
Why I could not believe in a law, why should I now  
Ride it aside, I could not believe in a law, why should I  
now
