We face the same way out of the box
Time trickles endless
A cork screw dive out of my mind into my room
If we change much more than this
Will we survive

All the flies in spiderwebs
Fidgeting like they never sleep
You are in my dreams
Burning right through
Is somebody out here

That day we thought we had escaped
Slipping through the cracks in the pavement
We were like paper planes
But this ond't exist
Not like this
This don't exist

You are in my dreams
Burning right through

MyloveforyouMyloveforyouMyloveforyou...
