Flower in vain - I hit the wall so well
Here I am
Scarlet so rare is running from my lips
Kiss me again
No use in praying
No Hallelujah tunes
Come down and sway on this late afternoon

Well I'm flowing - I am going
And I'll take it far from here
I'm going - see me flowing
I let you go my dear

Flower in vain - got me on my knees
Finally
I hurt myself - It took me by surprise
Sharp as hell
No use in praying
No Hallelujah tunes
Come down and sway on this late afternoon

Well I am flowing - I am going
And I take it far from here
I'm going - see me flowing
And let you go my dear
Well I'm flowing - yeah I'm going
And take away your fear
I wonder why I took the shady lane
