I thought I knew you, it only goes to show that I was  
wrong, so wrong  
I see right through you,  
and everything we used to have is gone, it's all gone  
You said you loved me, but did you mean a word of  
what you said,  
when you said you're thinking of me,  
I'm sure that someone else was in your bed, getting  
head

I'll tell you what, love is just a four letter word  
like it or not, love is just a four letter word

You say it's over and treat me like you don't know who I  
am, who I am  
I hope you know girl, that you've turned me into a  
broken man, that's  
all I am and then you tell me, tell me that you've found  
somebody new,  
well good for you  
but do you really, think I care about the things you do,  
fuck both of you

I'll tell you what, love is just a four letter word  
like it or not, love is just a four letter word

So now you've left me, I bet that you could hardly even  
wait  
I used to love you, now you're just the girl I love to hate  
All I can say is, I wish I'd listened to my own advice  
I learned the hard way, that you were cold as ice

so thanx alot, love is just a four letter word  
like it or not, love is just a four letter word
