Through my eyes,
I have seen the world start spinning like a ball.
Stars light up and then fall for you.
So then what's a man like me supposed to do?
If I gave you the moon would you notice,
That I'm right beside you?

Well now a thousand days and thousand nights are not
enough.
Cause I can't hold back the way I feel about my love.
Won't let it go, won't let it go.

And if the angels came, I'd fight them back to win your
soul.
And when everything was said and done
They'd go back home.
And they oughta know, they oughta know.
That you're mine all mine

In my world,
You're the sun that shines and lights up the evening
skies.
Clearing up the horizon, hold on.
Come with me and I will never let you down
Oh, and in this love we'll drown, this I promise you.
Cause they can't hold us down.

Well now a thousand days and thousand nights are not
enough
Cause I can't hold back the way I feel about my love

Won't let it go, won't let it go.

And if the angels came, I'd fight them back to win your
soul.
And when everything was said and done they'd go
back home.
And they oughta know, they oughta know.
That you're mine all mine

I would do anything, just believe it.
Your love means everything ,and I need it.

Your heart won't lie,
Reach out for me...

Well now a thousand days and thousand nights are not
enough.
Cause I can't hold back the way I feel about my love.
Won't let it go, won't let it go.
Cause you're mine all mine.

And if the angels came, I'd fight them back to win your
soul.
And when everything was said and done they'd go
back home.
They oughta know, they oughta know.
That you're mine all mine
