Get out of my dreams  
There's no room left  
Get out of my bed.  
we did goodbye yesterday  
Don't you think I heard what you said

You want to much  
You play to hard

Well, well you invade my morning light again  
Don't wanna answer the phone  
I went to sleep last night angry  
I'm sure I was alone  
You know me well  
Always ring my bell

And tell me what would I want from you  
Cause you tried so hard to be who you are  
but there's no way I understand what you do  
The last of a dying breed  
Well we've come this far,  
But it has to stop  
You're everything  
Everything I don't need.

I don't wanna listen to answers  
To the questions I didn't ask  
It's all about you I wanna move out  
before the breakdown starts.

It's all wrong  
Won't you let me go  
And tell me what would I want from you  
Cause you tried so hard to be who you are  
but there's no way I understand what you do  
The last of a dying breed  
Well we've come this far,  
But it has to stop  
You're everything  
Everything I don't need.

You fill my head

You block my view  
It's killing me  
You're everything I don't need

If it's all I do I'll be free cause you've taken everything  
Everything I don't need  
What would I want from you ohhhh  
Cause you tried so hard to be who you are  
but there's no way I understand what you do.  
The last of a dying breed  
Well we've come this far,  
but it has to stop  
You're everything  
ohhhh  
everything I don't need.

Last of a dying breed  
Everything I don't need
