Yeah, I know it hurts, yeah, I know you're scared  
Walking down the road that leads to who knows where  
Don't you hang your head, don't you give up yet  
When courage starts to disappear I will be right here

When your world breaks down  
And the voices tell you turn around  
When your dreams give up  
I will carry you, carry you

When the stars go blind  
And the darkness starts to flood your eyes  
When you're falling behind  
I will carry you

Everybody cries, everybody bleeds  
No one ever said that life's an easy thing  
That's the beauty of it, when you lose your way  
Close your eyes and go to sleep  
And wake up to another day

When your world breaks down  
And the voices tell you turn around  
When your dreams give up  
I will carry you, carry you

When the stars go blind  
And the darkness starts to flood your eyes  
When you're falling behind  
I will carry you

You should know now that you're not alone  
Take my heart and we will find  
You will find your way home

When your dreams give up  
I will carry you, carry you

When the stars go blind  
And the darkness starts to flood your eyes  
When you're falling behind  
I will carry you, carry you

I will carry you, carry you  
I will carry you, carry you  
I will carry you
