Everywhere I go  
Let me be a servant  
Let my hope be known  
And my prayer be fervent  
That is rising to Your ear  
So that from my heart you'll hear  
Chorus:  
You are perfect, You are holy  
You are faithful, You are true  
And I long to live in Your glory  
Oh Lord make me more like You  
Oh Lord make me more like You  
Silver and gold  
All the world's attractions  
These things I hold  
They are just distractions  
From the truth that sets me free  
'Cause when I look at You I see  
Repeat Chorus  
When my time is through  
And my days are ending  
I'll trust in You  
For a new beginning  
In Your presence everyday  
In my final breath I'll say  
Repeat Chorus
