Don't, you don't have to save my life
No, you're not ready I can feel it
Outside it's raining, but I'll just go home
Someday your heart will just let him go

As soon as you get that feeling
You can start to live again
As soon as the worst is over
You can make it all make sense
Right now I can't give you what you need
As soon as you get that feeling... run to me

Hush, you don't have to say a word
Trust, I'm not going to hate you for it
Feels like my touch only brings back the pain
Someday those memories will fade away

As soon as you get that feeling
You can start to live again

As soon as the worst is over
You can make it all make sense
Right now I can't give you what you need
As soon as you that feeling... run to me

How can I be brave enough to say good-bye
IÂ'd die inside without you, oh
Can't you see it's hard enough to walk away
DonÂ't look at me you make me wrong,
IÂ've been through this to make me strong

As soon as you get that feeling
You can start to live again, oh
As soon as the worst is over
You can make it all make sense
Right now I canÂ't give you what you need
As soon as you get that feeling,
As soon as you get that feelingÂ... run to me
