Alone again tonight
Without someone to love
The stars are shining brighter
So one more wish goes up
Oh I wish I may
And I wish with all my might
For the love I'm dreamin of
And missin' in my life

I guess I must be wishin'
On someone else's star
It seems like someone else
Keeps getting
What I'm wishin for
Why can't I be as lucky
As those other people are
I guess I must be wishin'
On someone else's star

Oh why can't I be as lucky
As those other people are
Oh I guess I must be wishin'
On someone else's star
