Alone again tonight
Without someone to love
The stars are shining bright
So one more wish goes up

Oh, I wish I may
And I wish with all my might
For the love I'm dreaming of
And missing in my life

I guess I must be wishin'
On someone else's star
It seems like someone else
Keeps gettin' what I'm wishin' for

Why can't I be as lucky
As those other people are
I guess I must be wishin'
On someone else's star

Why can't I be as lucky
As those other people are
Ooh, I guess I must be wishin'
On someone else's star
