Sugar pie, honey bunch
You know that I love
Oh, I can't help myself
I love you and nobody else

In and out my life
You come and you go
(You come and you go)
Leaving just your picture behind
And I kissed it a thousand times

When you snap your finger
Or wink your eye
I come running to you
I'm tied to your apron strings
And there is nothing that I can do

Girl, I call your name
Oh, it starts to flame
Burning in my heart
Tearing me apart
No matter how I try
My love I just can't hide

Sugar pie, honey bunch
(Sugar pie, honey bunch)
You know that I'll wait for you
Oh, I can't help myself
I love you and nobody else
Sugar pie, honey bunch
