There's something about the way you look tonight
There's something about the way that
I can't take my eyes off you

There's something about the way your lips invite
Maybe it's the way that
I get nervous when you're around
And I want you to be mine
And if you need a reason why

It's in the way that you move me
And the way that you tease me
The way that I want you tonight

It's in the way that you hold me
And the way that you know me
When I can't find the right words to say
You feel it in the way, oh you feel it in the way

It's something about how you stay on my mind
It's something about the way that
I whisper your name when I'm asleep, oh girl

Maybe it's the look you get in your eyes
Oh baby it's the way that
Makes me feel to see you smile
And the reasons they may change
But what I'm feeling stays the same

It's in the way that you move me
And the way that you tease me
The way that I want you tonight

It's in the way that you hold me
And the way that you know me
When I can't find the right words to say
You feel it in the way, oh you feel it in the way

I can't put my fingers on
Just what it is that makes me love you, you baby
So don't ask me to describe, I get all choked up inside
Just thinking 'bout the way

It's in the way that you move me
And the way that you tease me
The way that I want you tonight

It's in the way that you hold me
And the way that you know me
When I can't find the right words to say
You feel it

It's in the way that you move me
And the way that you tease me
The way you feel it in the way

It's something about the way you look tonight
There is nothing more to say than
I feel it in the way
