Blue, is the ocean in your eyes
Blue is cool September skies
As a lonely waterfall

Red, is the fire in your heart
Or the passion of love that we make
As the sunset is fading away

Angel, heaven starts hear
Tonight in your arms
Wanna drown in your body
Get lost in your charm
Now that your here, angel don't go
Lets keep the move nice and slow

All I want is your touch
All I want is your heaven right here
By my side, every night
All I want is your touch
All I want is your tenderness here in my life
Every morning and night
Girl 'cause your touch is so right

Yes, I've been thinking about you
I've imagined the feel of your body
And how it will be when we move

Darling, magics alive
Tonight in your arms
Wanna drown in this moment
Get lost in your charm
Now that your here, don't move too fast
Lets make the moment last

All I want is your touch
All I want is your heaven right here
By my side, every night
All I want is your touch
All I want is your tenderness here in my life
Every morning and night
Girl 'cause your touch is so right

I don't want nobody else
And you see that my body is aching
I'm hopelessly taken by you

All I want is your touch
All I want is your heaven right here
By my side, every night
All I want is your touch
All I want is your tenderness here in my life

All I want is your touch
All I want is your heaven right here
By my side, every night
All I want is your touch
All I want is your tenderness here in my life
Every morning and night
Girl 'cause your touch is so right

Your touch is so right
Your touch is so right
