what's so wrong about daydreaming
what's so bad about feeling optimistic
no use trying to hide
it's right there in your eyes
I can feel it when my heart beats
we'd be fools to jump in both feet cause

Chorus

His love's comin' over me and
His love's comin' over you
all I have prayed for
comin' to set us free
I see love's comin' over you and me
tears ain't gonna lose it's place in line
the feeling's mutual
there's no doubt in my soul
if ever my dreams got shot down
I know He'd steady my shaky ground because

- Chorus -

Bridge

I don't question this moment
I won't hesitate no more
this time the shadows
won't dare to darken my door like before

- Chorus -
