In a world where people come and go  
In a place where no one ever stays  
The greatest friend you'll ever know  
Is the one who will not walk away

I could hold you with the strongest arms  
I could hear you in a silent prayer  
And I would feel your deepest scars  
I will stand beside you anywhere

If you believe in me, I will be with you  
'Til the end of the world  
If you believe in me, I will be with you  
'Til the end of the world  
'Til the end of the world

When you're standing there in sheer disgrace  
And your fears become a raging flood  
In that darkness I will take your place  
I will sacrifice my flesh and blood

If you believe in me, I will be with you  
'Til the end of the world  
If you believe in me, I will be with you  
'Til the end of the world

No greater love has any man  
Than to lay down His life for a friend  
And in my dying words, in my dying words  
I have called You friend

If you believe in me, I will be with you  
'Til the end of the world  
If you believe in me, I will be with you  
'Til the end of the world

'Til the end of the world  
'Til the end of the world  
I will be with you  
'Til the end of the world

I will be with you

I will be with you  
I will be with you  
'Til the end of the world

I will be with you  
I will be with you  
I will be with you  
'Til the end of the world

I will be with you  
I will be with you  
I will be with you  
'Til the end of the world
