

Clay Crosse "Walk With Me"

Visit "[Walk With Me](#)" on MotoLyrics.com

I can see it in your eyes
I can read it on your face
You need a place to fall
'Cause underneath that smile
You're so far away
Oh, but I can still hear you call

And at the end of the day
You let go of some tears
You think nobody cares
But there's a place to bear your soul
A place to rest your fears
Let me take you there, baby

Walk with me and talk with me
Tell me what you're feeling
Come with me and just believe
There's a place that we can go

Walk with me and talk with me
You can let your feelings show
You can let it go

Now, I can't change the past
Well, you know that if I could
That's something I would do
But I'll give you all my heart
All that's in my soul
I give myself to you, baby

Walk with me and talk with me
Tell me what you're feeling
Come with me and just believe
There's a place that we can go

Walk with me and talk with me
You can let your feelings show
Oh, yeah

Whatever road you're going down
Honey, I'm asking you to turn around
And feel these arms

They're reaching out to you, oh, yeah

Baby, walk with me and talk with me
Tell me what you're feeling
Come with me and just believe
There's a place that we can go

Walk with me and talk with me
You can let your feelings show
Oh, yeah

Walk with me and talk with me
Tell me what you're feeling
Come with me and just believe
There's a place that we can go

Walk with me and talk with me
Girl come on let your feelings show
Oh, yeah

What's on your mind
