Fear's like a black cloud consuming all that's blue
When I am afraid I will trust in you
Waters rise against me and I don't know what to do
When I am afraid I will trust in you

When I am afraid I will trust in you
Remind myself your faithful and your promises are true
I think back on my yesterdays and all you brought me
through
When I am afraid I will trust in you

Lord you are the fortress, the shelter I run to
When I am afraid I will trust in you
Resting in your presence my courage is renewed
When I am afraid I will trust in you

When I am afraid I will trust in you
Remind myself your faithful and your promises are true
I think back on my yesterdays and all you brought me
through
When I am afraid I will trust in you

When I am afraid I will trust in you
Remind myself your faithful and your promises are true
I think back on my yesterdays and all you brought me
through
When I am afraid I will trust in you

Lord I will remember all you brought me through
When I am afraid I will trust in you
When I am afraid I will trust in you
