"Date Rape"

James and Maggie, is mother said, never questioned.
Though he's 16, now he's
confused. I'm just a date rape you loved to abuse. Ron
and Terry, the pastors
said, "I don't really know you." a "religious spirit" of me
they accused. I
feel raped, molested, aborted and used. What you're
doin', Carrie dreamed
about. Who you're using to make your schemes work
out. What you're doin' to
me. What you're doin', Carrie dreamed about. What
you're doin', I know it's
justified. Like a date rape, "She pushed me to do it. You
know she wanted it
too."
