I remember when it all began  
You couldn't keep your body  
From my hands  
I remember nights we felt  
So close  
How we got so distant  
I don't know  
So as you plan  
Your brand new life  
Keep this one thing in mind

If you ever feel  
Like lovin' me again  
The door's wide open  
Baby walk right in  
I'll be waitin'  
'Til the end of time  
Heart and mind  
Now just like back then  
If you ever feel  
Like needin' someone  
Who will love you  
Like I've always done  
Girl I'll show you  
Some things never end  
If you ever feel  
Like lovin' me again

People change  
And baby so do dreams  
They move along  
To where the grass is green  
So I won't hold you down  
To what we had  
Last thing I wanna do  
Is make you sad  
But is things don't fly your way  
Girl it's never too late

If you ever feel  
Like lovin' me again

The door's wide open  
Baby walk right in  
I'll be waitin'  
'Til the end of time  
Heart and mind  
Now just like back then  
If you ever feel  
Like needin' someone  
Who will love you  
Like I've always done  
Girl I'll show you  
Some things never end  
If you ever feel  
Like lovin' me again
