Somethin' bout the way she's wearin'  
Her dress a little tighter  
Somethin' bout the way she's starin'  
She's lookin to start a fire  
Somethin' bout the way she's dancin'  
And drinkin' chilled Patron  
If she's lonely now  
She won't be lonely long

Heaven help the fool who did her wrong  
It's too late, too bad, she's too far gone  
He should've thought of that  
Before he left her all alone  
If she's lonely now  
She won't be lonely long

Somethin' bout the way she's blushin'  
You can tell she isn't sure  
Let you know she's up to somethin'  
She's never done before  
Tonight she wants to hold a stranger  
But not the one at home  
If she's lonely now  
She won't be lonely long

Heaven help the fool who did her wrong  
It's too late, too bad, she's too far gone  
He should've thought of that  
Before he left her all alone  
If she's lonely now  
She won't be lonely long

If I had a woman like that  
Man I'd let her know  
I'd hold her tight  
I'd hold her close  
Do anythin', do everythin' to let her know  
She'd never ever be alone

Heaven help the fool who did her wrong  
It's too late, too bad, she's too far gone

He should've thought of that  
Before he left her all alone  
If she's lonely now  
Lord if she's lonely now  
If she's lonely now  
She won't be lonely long
