Oh look there you go again  
Puttin on that smile again  
Even though I know you've had a bad day  
Doin this and doin that  
Always puttin' yourself last  
A whole lotta give and not enough take

But you can only be strong so long before you break...

So fall go on and fall apart  
Fall into these arms of mine  
I'll catch you every time you fall  
Go on and lose it all  
Every doubt every fear every worry every tear  
I'm right here  
Baby fall

Forget about the world tonight  
All that's wrong and all that's right  
Lay your head on my shoulder let it fade away  
And if you wanna let go baby it's okay

Fall go on and fall apart  
Fall into these arms of mine  
I'll catch you every time you fall  
Go on and lose it all  
Every doubt, every fear, every worry, every tear  
I'm right here  
Baby fall

Hold on hold on hold on to me...

Fall go on and fall apart  
Fall into these arms of mine  
I'll catch you every time you fall  
Go on and lose it all  
Every doubt, every fear, every worry, every tear  
I'm right here  
Baby fall
