If I had it my way
This would be the first time that you made love
I'd be the first man that your hands touched

But we'd both done our share of living
Takin' chances we were given
I've never been big on looking back

I don't care if I'm your first love
But I'd love to be your last

If I could do it over
I'd have waited for this moment
To give my heart to you unbroken

But if our mistakes brought us together
Doesn't really matter whether
We would say it's our centers in the past

I don't care if I'm your first love
I'd just love to be your last

All I know is what I see when I look at you
And all I see is what I'm feeling down inside
And all I'm feeling is this feeling
That I finally got it right

When I wake up tomorrow
I'm gonna throw my arms around you
Thank my lucky stars I found you

'Cause I know your heart had so much more
Than any man has touched before and
Nothing matters more to me than that

I don't care if I'm your first love
But I'd love to be your last
