Well it looks like he's doin' what I didn't do
Givin' you love and money too, it's over
Where do I go from here
Well I appreciate your nice goodbye
Not even a letter so that I could fool myself
Into thinkin' that you really cared

I tried to give you everything you wanted
But it looks like I got burned by the flame I've started

Money can't buy the love we had
You can't do a thing for a love gone bad
But it cost me everything that I ever had
And even money can't buy back the love we had

Now there's nobody left for me to blame
If I could do it over I'd do it the same, I gave you my
very best
You said you'd love me through thick and thin
But when one heart lies the other can't win for losin'
Where do I go from here

I tried to give you everything you wanted
But it looks like I got burned by the flame I've started

Money can't buy the love we had
You can't do a thing for a love gone bad
But it cost me everything that I ever had
And even money can't buy back the love we had
Even money can't buy back the love we had
