When you left I told myself
I wouldn't let you haunt my mind
I'd be strong I'd carry on
An' leave the past behind

I'd just forget we ever met
An' find somebody new
An' now I want you to know
I'm almost over you

The only time I ever miss you, honey
Is when I'm alone or when I'm with somebody
Your memory never even gets to me
'Cept when I'm awake an' when I'm sleeping

Girl, you never even cross my mind
'Cept just when I think I left you far behind
Only when I laugh, only when I cry
An' only on days that end in 'Y'

Now, I'll admit you're hard to quit
I been goin' through a bad withdrawal
But you can bet I had to let
You walk before I'd crawl

I got my pride wrong or right
I'm gonna stand my ground
An' I ain't gonna let
Your memory get me down

The only time I ever miss you, honey
Is when I'm alone or when I'm with somebody
Your memory never even gets to me
'Cept when I'm awake an' when I'm sleeping

Girl, you never even cross my mind
'Cept just when I think I left you far behind
Only when I laugh, only when I cry
An' only on days that end in 'Y'

When you walked out I was just about
To break down an' beg you not to go

But if you wanna come home
It's only fair that you should know

The only time I ever miss you, honey
Is when I'm alone or when I kiss somebody
Your memory never even gets to me
'Cept when I'm awake an' when I'm sleeping

Girl, you never even cross my mind
'Cept just when I think I left you far behind
Only when I laugh, only when I cry
An' only on days that end in 'Y'

An' only on days that end in 'Y'
