(Randy Sharp/Jon Vezner)

Well I got a good friend who's got a good life  
He's got two pretty children and a real nice wife  
Yet he never seems quite satisfied  
I said I know what's on your mind  
But you better think about it before you cross that line  
The grass aint always greener on the other side

Then what, what you gonna do  
When the new wears off and the old shines through  
And it aint really love and it aint really lust  
You aint anybody anyone's gonna trust  
Then what, where you gonna turn  
When you can't turn back for the bridges you burn  
And fate can't wait to kick you in the butt  
Then what

Well I aint saying that looking's a crime  
Well I've done my share from time to time  
It don't mean that you gotta take that leap  
When you're standin' on the brink  
Before you jump you gotta step back and think  
There's price for ever promise you don't keep

Then what, what you gonna do  
When the new wears off and the old shines through  
And it aint really love and it aint really lust  
You aint anybody anybody's gonna trust  
Then what, where you gonna turn  
When you can't turn back for the bridges you burn  
And fate can't wait to kick you in the butt  
Then what

Do what you want, do what you wish  
It's your life but remember this  
There's bound to be some consequences  
Sneaking under other fences

Then what, what you gonna do  
When the new wears off and the old shines through  
And it aint really love and it aint really lust

You aint anybody anybody's gonna trust  
Then what, where you gonna turn  
When you can't turn back for the bridges you burn  
And fate can't wait to kick you in the butt  
Then what
