Originally performed by Twisted Sister

he spent his life
a silent sentinel
for all to fear
he walks, he talks, he thinks, he feels,
but no dare go near
he takes in all he sees
nothing escapes his gaze
and when he strikes
he strikes for right
a glorious sight

destroyer, destroyer, destroyer
he's in town

he came to be
from a grand mistake
a mystical charade
created to decide the good
and bring repercussive aid
as awareness filled his fame
he examined those who leered
the he cleaved the air

with his fiery stare
rend all those there
destroyer, destroyer, destroyer
he's in town
destroyer, destroyer, destroyer
he's in town

a day will come
you'll be drawn into
the center of your town
and come upon a mass of steel
that cracks the very ground
prepare to meet your judge
don't think to run away
just pray your face
holds no disgrace
for the deadly ace

destroyer, destroyer, destroyer
he's in
destroyer, destroyer, destroyer
he's in town
oh, he's town

you'd better stay out of his way
he's gonna kick your ass
