

Benediction "Saneless"

Obscure oppression, from within
Controlled behaviour
Mass suppression in complex systems
Dictate before the birth
Chorus :
Underlying confusion
Life breaks free
A mournful expansion
Saneless Theory
Those detractors unnatural order
Erratic recursion of thought
Irrational change, the aspect of life
Chaotic order sought
Chorus
Regularity / Random
Fractal complexity
Witness sterile fluctuation
Saneless Theory
Ruling powers assimilate
Overshadow, subjugate
No predictions an unfound dream
Egress reality
Yet deviations are amplified
Into chaotic theme
Enter Chaos !
Their passionate numbness
Ascetic credibly
Hidden in the emerging field of
Saneless Theory.
