(Verse 1)

I wish I could hide my face
Put it away for eighty days
Then reappear with out a trace

I want to take the memories
Throw them in a winter sea
Because they remind of your mistakes

(Pre-Chorus)

And it kills me to know that we
could have been something
And it kills me to know that you
were my best friend.

(CHORUS)

You were a lie
from the beginning
You were a lie
from the start
You were a lie
that kept on sinning
You were the lie
that captured my heart

(VERSE 2)

You were the liar, I was the fool
Knowing the truth but being so cruel
You out of all knew the rules

Stripping me from my sanity
Painting your picture for all to see
But now I'm not yours to please

(Pre-Chorus)

And it kills me to know that we
could have been something
And it kills me to know that you
were my best friend.

(CHORUS)

You were a lie
from the beginning

You were a lie
from the start
You were a lie
that kept on sinning
You were the lie
that captured my heart

(BRIDGE)

I hope you're happy that you made me cry
I hope you're happy that you made my joy die
I hope you're happy that you tore me apart
I wanted the truth, was that too difficult?

(CHORUS)

You were a lie
from the beginning
You were a lie
from the start
You were a lie
that kept on sinning
You were the lie
that captured my heart

You Lied
