This flea is you and I
It's a bad thing
But a little thing, but a little thing
A parasite that coexist
It's a bad thing
But a little thing, but a little thing

I'm a flea
Who just wants
To share a thing

Neoui aneseo
Naritgoseo
To share a thing

Kkumsogeuro
Jamgyeodeuneun
A little thing

We squeeze in the skin
Empty your brain
A little thing

And we fly to a heaven
And we fly to a heaven
And we fly to a heaven
And we fly to a heaven
Eaten by me

This flea is you and I
It's a bad thing
But a little thing, but a little thing
A parasite that coexist
It's a bad thing
But a little thing, but a little thing

I'm a flea
Who just wants
To share a thing

Neoui aneseo
Naritgoseo

To share a thing

Kkumsogeuro
Jamgyeodeuneun
A little thing

We squeeze in the skin
Empty your brain
A little thing

Eaten by me
Fly to a heaven
Eaten by me
Fly to a heaven
Eaten by me
Fly to a heaven
Eaten by me
Fly to a heaven

And we fly to a heaven
And we fly to a heaven
And we fly to a heaven
And we fly to a heaven

This flea is you and I
It's a bad thing
But a little thing, but a little thing
A parasite that coexist
It's a bad thing
But a little thing, but a little thing

This flea is you and I
It's a bad thing
But a little thing, but a little thing
A parasite that coexist
It's a bad thing
But a little thing, but a little thing
