LYRICS BY: JAYCEE JUNG

It feels like summer breeze when I wake up in the morning

Let me tell that my life has begun I want to love you more everyday and every moment Promise me you'll never leave. yeah~

I know we'll be okay, cause I know you will be around Just want to tell you, your like my brightening star I feel my heart with you, I can't stop thinking about you Let me tell you once again I'm in love with you.

It feels like summer breeze when I wake up in the morning

Let me tell that my love has begun I want to know you more everyday and every moment Promise you will never leave. yeah~

I know we'll be just fine, cause you know I will love you more

Just want to ask you can you be my loving so I feel my heart with you, I can't stop dreaming about you

Let me say it one more time, I'm in love with you You fill my heart and soul, I'm in loveeee

You don't know how I feel when you smile at me like that

Can you see that you are the one to bring me back to life. Oooh~

It feels like summer breeze when I wake up in the morning

Smiling, shining loving that's what we are Love that you give to me, is like a little whisper Will you ever sing with me. Yeah~

I know we'll be alright, cause we know we will be in love Just want to let us, have time of are lives It's time for you and me Come cause now we are deep in love come and take a walk with me
I'm in love with youuuu
I'm in loveee~~

You don't know how I feel when you smile at me like that

Can't you see that you are the one to bring me back to life. Ooh \sim

Every time you come around, Every time you smile at me

Every time you come around, can you tell me you love me

Every time you come around, Every time you smile at me

Every time you come around, You love me, You love meee
