CL (2NE1) - The Baddest Female Translation Lyrics

I'm a bad girl, I'm a bad girl, I'm a bad girl
Where All My Bad Gals At?
I'm a bad girl, I'm a bad girl, I'm a bad girl
Where All My Bad Gals At?

Yeah, I'm strong, very fierce (yao)
Someone like you can't ever handle me (uh em)
I don't have an ounce of jealousy in me

Even fortune tellers can't figure out my heart (aha)

I'm a queen bee, I'm the heroine
I'm like a rugby ball, don't know where I'll bounce
to next
On my neck is a gold chain swingin' left right
I'm not lonely, every night I get right

Confident principles, valuable dignity (uh huh)
My eye smile is a given, my tears are my weapon
(that's right)
My smile is fire, it'll burn you up (burn)
You want it, come and get it now, if you don't wanna,
that's too bad

I'm a bad girl, I'm a bad girl, I'm a bad girl
Where All My Bad Gals At?
I'm a bad girl, I'm a bad girl, I'm a bad girl
Where All My Bad Gals At?

Hey unni (woh) unni, unni, unni, hey
Hey unni (woh) unni, unni, unni, hey

Guys call me honey
Girls call me unni
My cool words have a good effect
Round round, this strange melody turns and turns yeah

I'm the best, ha?
I'm busy every day, so busy, why, are you offended?
ha
I fly higher than a G5, G5
All my b-boys and b-girls, now follow me

I am the proudest, I never say sorry (nope)
Being fake is a given, I'm really smart (yes)
My smile is killa because it makes everyone die (oops)
You want it, come and get it now, if you don't wanna,
that's too bad

I'm a bad girl, I'm a bad girl, I'm a bad girl
Where All My Bad Gals At?
I'm a bad girl, I'm a bad girl, I'm a bad girl
Where All My Bad Gals At?

Hey unni (woh) unni, unni, unni, hey
Hey unni (woh) unni, unni, unni, hey

This is for all my bad girls around the world
Not bad meaning bad but bad meaning good, you
know

Let's light it up and let it burn like we don't care
Let em know how it feels damn good to be bad

G I Z to the I B E
I'm a bad girl, can't you see?
G I Z to the I B E
I'm a bad girl, come with me

Now Do The Unni (Hey) Now Do The Unni (Hey)
