Let us live for today  
Never mind the past  
Can't you see that we're lucky like that?

Let me tell you, about how I feel  
Ooh baby, you're too good to be real  
You fill my heart with love  
It's just what I need  
Pretty face, warm embrace  
Can't you see that we're lucky like that?

When you look at me  
Baby, it blows my mind  
Can't you see that we're lucky like that?  
It's in the way you love me  
Every day and every night

Let us live for today  
Never mind the past  
Can't you see that we're lucky like that?  
You're my prince, you're my dream  
As a matter of fact, all I ever need, oh

Don't you know that we're  
Lucky like that  
Don't you know that we're lucky like that  
Don't you know that we're  
Lucky like that  
We are so lucky like that

You breathe new life in me, can't you see?  
Make my day in many ways, life get so complete  
The way you love me so naturally  
The way you smile, you make my high  
Can't you see that we're lucky like that?

When you look at me  
Baby, it blows my mind  
Can't you see that we're lucky like that?  
It's in the way you love me  
Every day and every night

Let us live for today  
Never mind the past  
Can't you see that we're lucky like that?  
You're my prince, you're my dream  
As a matter of fact, all I ever need, oh

You should know you'll always be my baby  
Don't you know that we're lucky like that?  
Without you here, oh, I'd go crazy  
We are so lucky like that  
Oh

I want you to know what is on my mind  
Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah  
'Cause the love that we share is so hard to find  
We are so lucky like that

When you look at me  
Baby, it blows my mind

When you look at me  
Baby, it blows my mind  
Can't you see that we're lucky like that?  
It's in the way you love me  
Every day and every night

Let us live for today  
Never mind the past  
Can't you see that we're lucky like that?  
You're my prince, you're my dream  
As a matter of fact, all I ever need, oh

When you look at me  
Baby, it blows my mind  
Can't you see that we're lucky like that?  
It's in the way you love me  
Every day and every night

Let us live for today  
Never mind the past  
Can't you see that we're lucky like that?  
You're my prince, you're my dream  
As a matter of fact, all I ever need, oh

Don't you know that we're  
Lucky like that  
Don't you know that we're lucky like that  
Don't you know that we're  
Lucky like that  
We are so lucky like that  
Oh

Don't you know that we're  
Lucky like that  
Don't you know that we're lucky like that  
Don't you know that we're  
Lucky like that  
We are so lucky like that  
Oh
