If you wanna get funky with me
Get down, get down jiggy with this

How many times do I have to say
That I want you off my back
You keep on crawling what you tryin' to do
You're gonna give me a heart attack
You don't care what you say
And I never wanna see your face
Let's be clear, I ain't your dear
You can address me by my name

I can see it in your eyes
And you can't tell no lies
(You can't tell no lies)
In the middle of this game
You can make me go insane
And I can't believe when you do what you do

If you think that you can fool around
Spread your little rumours all around the town
Oh no
You're playing the wrong game
All the things that you say will go around
Back in your face they will come around
Oh no
You're playing the wrong game

If you wanna get funky with me
Get down, get down jiggy with this

How many hearts do you have to break?
You're such a big disgrace
You never ever care what you seem to do
You always think it's just a game
You don't care what you say
Never wanna see your face
Let's be clear, I ain't your dear
Address me by my name

I can see it in your eyes
And you can't tell no lies

(You can't tell no lies)
In the middle of this game
You can make me go insane
And I can't believe when you do what you do

If you think that you can fool around
Spread your little rumours all around the town
Oh no
You're playing the wrong game
All the things that you say will go around
Back in your face they will come around
Oh no
You're playing the wrong game

I can see it in your eyes
And you, you just cannot lie
In the middle of this game (middle of this game)
You can make me go insane (make me go insane)
And I can't believe when you do what you do

If you think that you can fool around (fool around)
Spread your little rumours all around the town
Oh no
You're playing the wrong game (playing the wrong
games,
Baby)
All the things that you say will go around
Back in your face they will come around
Oh no
You're playing the wrong game (you're playin', you're
Playin', you're playin' the wrong game)

If you think that you can fool around
Spread your little rumours all around the town
Oh no
You're playing the wrong game (stop makin' up
rumors)
All the things that you say will go around
Back in your face they will come around
Oh no
You're playing the wrong game
