Still in bed
Thinking about his kisses
Oh, what a night
What's his name? I think I'll miss him
The smell of eggs
He's cooking in my kitchen
Is he for real?
Gonna make it hard to ditch him

Got me sprung on you
What you tryin' to do?
It was supposed to be
Just one night with you
Now you're in my head
Instead of in my bed
It was supposed to be
Just one night
With you

La la la la
La la la la (with you)
La la la la la
La la la la (la la la la la)
La la la la
La la la la la

What do I do?
I play it cool, I lose him
Next thing I know
We're on the floor, I'm sweating
He's got a plan
And he knows it's working
Yeah, here's the man
Say my name, I'm admitting... I'm admitting

Got me sprung on you
What you tryin' to do?
It was supposed to be
Just one night with you
Now you're in my head
Instead of in my bed

It was supposed to be
Just one night
With you

Sprung on you
I'm sprung on you
Sprung on you
I'm sprung on you

No, this just isn't me
I said I'd never be
Caught up slipping I can't do that
Baby, stay don't you go
'Cause I know once you're home
I'll be calling you to come back to me

Got me sprung on you (sprung on you)
What you tryin' to do? (tryin' to do)
It was supposed to be (supposed to be)
Just one night with you (one night with you)
Now you're in my head (in my head)
Instead of in my bed (in my bed)
It was supposed to be (supposed to be)
Just one night (a night with you)

Got me sprung on you (sprung on you)
What you tryin' to do? (tryin' to do)
It was supposed to be (supposed to be)
Just one night with you (one night with you)
Now you're in my head (supposed to be)
Instead of in my bed (supposed to be)

Just one night (one night with you)
With you

Sprung on you (with you)
I'm sprung on you (got me sprung)
Sprung on you
I'm sprung on you
