

## Clea "The Lie"

I can't get around it, so I  
Dig underneath it, and my  
Lips started twitching as I lie  
How could I do that  
Wish I could take it back  
Do I trust, say goodbye  
Now between you and I  
There's a lie

Have you ever been (ah ha)  
In this predicament (ah ha)  
When you know you're doing wrong  
Instead of facing it (ah ha)  
You try to bury it  
It breaks the ground you're standing on

Baby, I'm sorry  
You should just leave me  
Just leave me alone  
For the arms of love  
Only carry a lie for so long

Although you haven't caught it, I just  
Have to admit it, I must  
Look into a mirror everyday  
I have to answer too  
You saying, I love you  
If I lose you this time  
At least I'm free from the lie

Have you ever been (ah ha)  
In this predicament (ah ha)  
When you know you're doing wrong  
Instead of facing it (ah ha)  
You try to bury it  
It breaks the ground you're standing on

Baby, I'm sorry  
You should just leave me  
Just leave me alone  
For the arms of love  
Only carry a lie for so long (for so long)

(Baby, baby)

Baby, I'm sorry (baby, I'm sorry)  
You should just leave me  
Just leave me alone  
For the arms of love  
Only carry a lie for so long (carry a lie for so long)

The lie...  
The lie...

Baby, I'm sorry  
You should just leave me (leave me, leave me)  
Just leave me alone (leave me)  
For the arms of love  
Only carry a lie for so long (carry a lie for so long)

Baby, I'm sorry (baby, I'm sorry)  
(Baby, I'm sorry) You should just leave me  
Just leave me alone  
For the arms of love  
Only carry a lie for so long (the lie, the lie)

(For so long) Baby, I'm sorry (for so long)  
You should just leave me  
Just leave me alone (just leave me alone)  
For the arms of love  
Only carry a lie for so long (the lie, the lie, the  
Lie...)

Baby, I'm sorry  
You should just leave me  
Just leave me alone  
For the arms of love (the arms of love)  
Only carry a lie for so long (carry a lie for so long)

For so long, for so long, for so long, for so long  
For so long, for so long, for so long, for so long  
For so long, for so long, for so long, for so long
