Hey hoe come on lets go

Well I was born a country boy
Raised on Haggard and Strait
She was born in da hood
She sure looks good
And she thinks rap is great
So we meet in the middle
Beat box and a fiddle
Together were bad to the bone
Now I'm clogging to Snoop Doggy Dogg
And she's break dancing to Jones

Its hip hop and honky tonk
We can bust a move to a funky groove
Or a hardcore country song
Come on let's throw down
Gonna have a hoedown
Party all night long
Its hip hop and honky tonk

From outlaw country to gangsta rap
Together we's riding home
From Soul Train to Shania Twain
Wes got it going on
Yippie yi yo look at her go
Mama really knocks me out
From Jo Dee Messina to funky cold medina
That's what it's all about

It's hip hop and honky tonk
We can bust a move to a funky groove
Or a hardcore country song
Come on lets throw down
Gonna have a hoedown
Party all night long
Its hip hop and honky tonk

Oh we loves the man attraction
Any ole dance will do
We like all the Jacksons
Janet, Michael, Tito, Stonewall, Jessie, Reggie, Alan too

Its hip hop and honky tonk
We can bust a move to a funky groove
Or a hardcore country song
Come on lets throw down
Gonna have a hoe down
Party all night long
Its hip hop and honky tonk

Its hip hop and honky tonk

Yeah I wanna send out a holler out
To my home boys down there at the
Scully Mully clean up shop
Ya know nails, and crumbling, and woo bow hair
Ya know I love you

Work it Cledus
