then u giv it a test..

what the mario test?

mario? marios a fucking psycho

((verse 1))

Its 1986 im in the first grade

im workin real hard to get mario laid

i gotta save the princess so we can get the pussy

believe me!!

mario will get that ass so fuck luigi

mario really wants to get her in bed

so bad that hes busting off bricks with his head

he just wants sex so forget the wedding bells

jumping on little mushroom men and turtle shells

dropin down green pipes and secret passage ways

makin his move to the end were the final castle lays

eat a magic mushroom n' grow a little higher

eat a white flower and spit balls of fire

all these creatures that attack him cut mario slack

oh shit hold on ill be right back

im gonna beat the game if it takes me all summer

it gotta be hard to get laid if your a plumber

thas y im a werk extra hard fo muh man

and get into the end so we can stop using his hand

mario dosent wanna get hit he'll shrink

the princess wont fuck a little kid..i think

so stay grown and attend to yer own

and eventually the princess will attend to yer bone

((chorus x2))

save the princess quick, because she wants the dick

and if you let her free u'll get the pussy

((verse 2))

so i can say i put pussy upon marios menu  
at the end of each level i jump n get the flag  
sey to myslef another castle in the bag  
i hope Bowser's ready cuz hes in for a ride  
n mario is serious when it comes homicide  
the princess is a freak even though she has class  
mario will take a plunger n put it in her ass  
i hate the canons that shoot at you constantly  
n i hate the platforms that fall out from below me  
its all worth while  
jus to see mario smile  
stand next to the princess butt naked profile  
thas why it's my crusade to get mario laid  
super mario brothers best game ever made  
(Chours x2)  
save the princess quick, because she wants the dick  
and if you let her free u'll get the pussy
