My good friend, I fear there's no holiday.
We need a little more than less inbetween us where
we're stuck.
We could have been a car crash on a highway anyday.
You see we could, all we need to do is try.

Always in pain. Why is it this way?
You don't have to explain nothing.
Soon I'll make a change.
Rules were meant to break.
We got to make this break, cause no one else will.
No one else will (no one)
No one else will (no one)
No one else will... care.

So my good friend, we're taking a holiday.
We need a little more than less inbetween us where
we're stuck.
We could have been a car crash on a highway anyday.
You see we could, all we need to do is try.

I'm saving fate (I'm saving fate)
From wasting away (wasting away)
Soon we'll have to change, someday.
The star is page(?) away (star is away)

Fall into grace (fall into grace)
Gotta change this game, cause no one else will
No one else will (no one)
No one else will (no one)
No one else will...care.

So my good friend, we're taking a holiday (ahhh).
We need a little more than less in between us where
we're stuck (ahhh).
We could have been a car crash on a highway anyday
(ahhh).
You see we could, all we need to do is try.

Ahhh, ahhh, ohhhh, baby.

My good friend, I fear there's no holiday.

We need a little more than less inbetween us where
we're stuck.

So my good friend we're taking a holiday (ahhh).
We need a little more than less inbetween us where
we're stuck (ahhh).
We could have been a car crash on a highway anyday
(ahhh)
You see we could, all we need to do is try.

Baby
Ahhhh.
