Gentle and sweet melody has you all over me  
Purple and blue covers you  
'Cause in my life there's only two  
Splashing into these tears of mine  
you send me in disgrace

The love in life can be so much fun  
Wouldn't you like to stay?  
Give it time you'll find your reason  
to embrace yourself with  
the love in life can be so much fun  
Wouldn't you like to stay?  
Give it time you'll find your reason  
to embrace yourself with love

Drink if you thirst you'll go first (love),  
there's magic in me wait and see (love)  
You'll want more, oh for sure

(..In life can be so much) ..Fun!  
Wouldn't you like to stay?  
Give it time you'll find your reason to embrace yourself  
with the love  
In life can be so much fun, wouldn't you like to stay?  
Give it time you'll find your reason

And if you're feeling sadness, reach out and I'll come  
someday  
And if you're feeling badly, and throwing yourself away  
And if you feel that someday maybe we'd be one, then  
you can just forget it

And you can't ask me about survival  
I haven't been that way, no  
And you can't ask me about love  
I haven't been that way, no

What a day for..  
Wouldn't you like to stay?  
Till you finally find your reason to embrace yourself

Reaching out the stars, their brilliance is forever  
Shadows of our love, I stand by us forever  
The rhythm of my heart, it skips when the memories  
come(x2)

With this, I send my love (x4)
