It's a shame<sup>1</sup> when all you have  
is the scent of her last goodbye  
All the pictures and feelings lost, on the floor they  
found a spot

Bring it back  
bring it back again  
bring it back  
bring it back again

'Cause it's hard enough (when all) the trust is gone  
I trade my heart and soul  
Divide the light it blinds my eye  
so can I hide the pain inside

I think of things and I don't know that I'm thinking them  
they won't go away until I'm drinking  
I think that I'd be better off this way  
I think of things that I don't know that I'm thinking of  
they won't go away until I'm drinking  
I think that I'd be better off this way

'Cause it's hard enough, the trust is gone  
I trade my heart and soul  
Divide the light it hides inside  
so I can embrace the last I was  
yeah it's hard when all the lust is gone  
I'd trade my heart and soul  
divide the light it blinds my eyes  
sorry..

It's the same thing,  
yeah it's the same thing over, over again  
everything I wanted, and more  
everything this all could be you  
everything I wanted and more  
(don't you see you're gonna get what you deserve)  
everything I wanted

It's hard when all the trust is gone  
I traded heart and soul

it drained the life, it blinds my eyes  
to make it all seem right  
It's hard when all the trust is gone  
I traded heart and soul  
Divide the line that lies inside  
sorry..

Yeah I've this feeling I love you  
yeah I want to die  
I've got this feeling I love you  
yeah I wanted to  
I've got this feeling I love you  
yeah you want me to die  
I've got this feeling I love you
