People on the run again
can you see the bright light in the night
Levitation of the nation
'Cause they can
Heard they went to a better place, a place that we all
know
ya right,
Apparently those certain dreams

Chorus:
Secret people, we are super1
Catch me if you can!
People like us, let's fight until the end
Yeah I'll teach you what I've heard about, my friend

25 feet inside that's the space they left for me
Come on by
My mind's was so slow
So was time.
I'm paranoid but not afraid
I feel it's time to go, I don't know
I can't remember what I won't forget

Chorus
(I said!!..)
People like us, let's fight until the end
Yeah I'll teach you what I've heard about, my friend

Oh, I learned too much, I've seen too much
Oh, I know too much, I've seen too much
Let me go, let me go, let me go
(let me go) (let me go)
let me go
Let me go! Let me go!
let me go (x4)
let me be
