You're shaking all your fears away  
so they won't forget who you are  
And it's all because of me my friend  
And they won't forget who you are

oh, how soft we are  
(oh, how soft we are)  
oh, how soft we are  
Oh, how soft we are

You're shaking all your love away  
so they won't forget who you really are  
Maybe in a little, I'll see you tomorrow,  
it's all that's good and said, so let's go  
All the life I knew before is good

Trust me I swear I will never let you down  
(and I said) Trust me I swear I will never let you down

You're shaking all your fears away  
so they won't regret who you really are.  
So maybe in a little, I'll see you tomorrow,  
it's all that's good and said, so let's go  
All the life I knew is good

Trust me I swear I will never let you down  
(oh how soft we are, oh how soft we are)  
(and I said) Trust me I swear I will never let you down  
(oh how soft we are, oh how soft we are)

Then when the light comes without a glow  
Then when the fear went away  
Then when the light

Giving into softly and sorrows  
You can be the one who brings me to go  
I can look softly between your eyes  
I can be the one who knows your games  
only for this life's cut bandage  
I can't be put to sleep without it  
I know you won't forget me tomorrow

'Cause I am not this world uncovered  
You are not this dream, discovered  
I will not be the one to hold your pain

'Cause I am not this world you hoped for  
I don't want this dream you wanted  
I will not be the one to hold your pain

(It's in your eyes)  
(oh how soft we soft we are)
