Her mouth goes on and on and on and on and on and on and on....etc.

Sold out show, overseas.
Three girls from Texas, sellin millions of their CD's.
Lead singer turns around, says Hey girls watch this.
I'll dis our president, and we're gonna.
Get alot more press.

It hit the fan, right when she said it.
They were'nt laughin at all back home, when the Chicks did it.
Emily, Marty, the other one runs her mouth off everyday, thats right.
Forgive, you might as well forget it. They were wrong but they wont admit it.
Woah the Chicks did it.
O the Chicks did it, yeah yeah.

Black-listed, thats whatcha get.
Thought they were untouchable, that it would last.
But it ended pretty quick.
When you talk about radio, then Toby, then Arnold.
Bye-bye girls, see ya later. You cant insult the Terminator.

You had it all, i just dont get it.
How you could throw a career away, but the Chicks did it.
Record deals, fade away. 20 million sold out think they'll be ok, alright.
Jackpot, Wide-Open Spaces hit it, they had to sue their label to get it.
Woah the Chicks did it.

The Chicks did it. Yeah yeah yeah.

I hate to see it crashin to an end.
But thanks to them, Im on the charts again.
Cuz, stars fall, everyday.
And all we're left with are the headlines they made.

Cant hide behind the First Ammendment.
Open your mouth and put your foot in it.
If you dont win enough awards, then you can quit it.
Woah the Chicks did it.

The Chicks did it. (repeat til end).
