You know your baby's gonna leave you  
If you don't treat her better  
She's gonna hop that train and say bye-bye  
You gotta run and tell the conductor

[CHORUS]

You gotta stop, get a ticket  
You gotta stop, get a ticket  
You gotta stop, get a ticket

You know your baby used to love you  
Cause you wouldn't have no other  
But she ran away and said bye-bye  
And now she won't be your lover

[Repeat CHORUS 2x]

You know your baby's gonna leave you  
If you don't treat her better  
She's gonna hop that train and say bye-bye  
You gotta run, tell the conductor

[Repeat CHORUS]

Stop, get a ticket  
Stop, get a ticket  
Stop, get a ticket  
Stop, get a ticket...
