Love can be hard but it was so smart of you
'Cause if you spend too much time
Alone in your mind, you're through

And if the bedroom feels cold
Then we can unfold tonight
And your hand I will kiss
So unclench that fist, it's so tight

You're everything I want to do
'Cause when there's love there's action
You're everything I want to do
'Cause when there's love there's action

Give it away, don't make 'em pay and you're free
And if you're alone, just pick up the phone, it's me
I'll bring nothin' to eat but I can tickle your feet till you
smile
Yeah, I know they're closing the store
But let's lay on the floor a while

You're everything I want to do
'Cause when there's love there's action
You're everything I want to do
'Cause when there's love there's action

When there is love
When there is love
When there is love
When there is love

Give me a shove and I'll fall in love, don't wait
'Cause if a civil war buff
Can love a diamond in the ruff, it's great

You're everything I want to do
'Cause when there's love there's action
You're everything I want to do
'Cause when there's love there's action

'Cause when there's love there's action
'Cause when there's love there's action
