Believe me love, believe me when i say,  
this is not the end,  
we are far from done  
there is much to do  
still many tears to mend  
.....  
.....  
no surrender no retreat  
as we charge headlong into the fray  
just chewing all the meat (2) of life  
forgive me love forgive me but i feel i'm letting myself  
go  
i can't help but feel everything would just softly  
disappear  
.....  
.....  
no surrender no retreat  
as we charge headlong into the fray  
just chewing all the meat (2) of life  
of life(2)  
.....  
.....  
no surrender no retreat  
as we charge headlong into the fray  
just chewing all the meat (2) of life
