I know that not everyone will die  
But no one is promised they'll live  
See it's broken but will not be separate  
Without getting blood on the leaves

You're hungry  
Like a thousand starving dogs  
[Incomprehensible] to avoid

See I wanted, I wanted  
My finger tips are numb  
And I hear a strange distant hum

The lonely man that payed to see her  
Perched upon the leafless tree  
The colors were as vivid as a dream

Upon their heart, she left a scar  
Sudden selves for what they are  
They begged her for a change just to forget
