I'm invisible,  
Wish I was one of those guys,  
who are irresistible, admissible, anything but  
unkissable,  
and I'd give anything to be her everything,  
to hold her in my arms.  
Watching her.

Chorus:  
why can't I, I hold my head up high and  
why am I so damn shy.  
why can't I look you in the eyes.

Maybe I'm not the captain of the football team.  
Maybe I'm not the type of guy that all your friends  
would envy.  
But I promise you this.  
There isn't another guy who would,  
be as happy to make you smile.  
Make you smile.

[Chorus]

Maybe when the lights turn way down low.  
Baby take my hand and we'll dance real slow.  
And no one, no one, no one  
Cause there's no one around to share this dance with  
me.  
Maybe when the lights turn way down low.  
Cause there's no one around to share this dance with  
me.  
Maybe when the lights turn way down low.  
Baby take my hand and we'll dance real slow.
